

Implementing a Chromebook initiative in a high school: a case study of a 1:1 technology program- Greg Cottrel

This case study reviews the results of the 1:1 chromebook implementation in North Hunterdon-Voorhees Regional High School District in Annandale, NJ. The district came up with the following strategies to successfully initiate the technology into their district.

- 1- Time is an important investment, along with money.
- 2- Identify and support technology leaders in the district
- 3- Embrace change
- 4- Create a culture of learning technology
- 5- Celebrate progress
